Bookshelf Tools

1. Once you have logged into your account you will be able to start studying! You will see two tabs within your Bookshelf:
   a. **'Books'** this will show books that you have 'checked-out' of the Library Collection
   b. **'Collection'** this will show you all the books that your Institution has made available to you

2. Click on the 'Collection' tab and type in a term to search across the Library Collection

3. Find the title you would like to read. Clicking on the book cover 'checks out' the book for a predefined loan period, for you to begin studying.

Kortext

4. You can continue to access the book by visiting the 'Books' tab. Once the book's loan period has elapsed the book will be greyed out in your Bookshelf. However, all activity that you have done within the book will be stored, so should you 'check out' the book again it will contain all your work.

For more information on how you can make the most the study tools available to you then please visit: https://www.kortext.com/support-and-accessibility/
